

## **Appendix E**

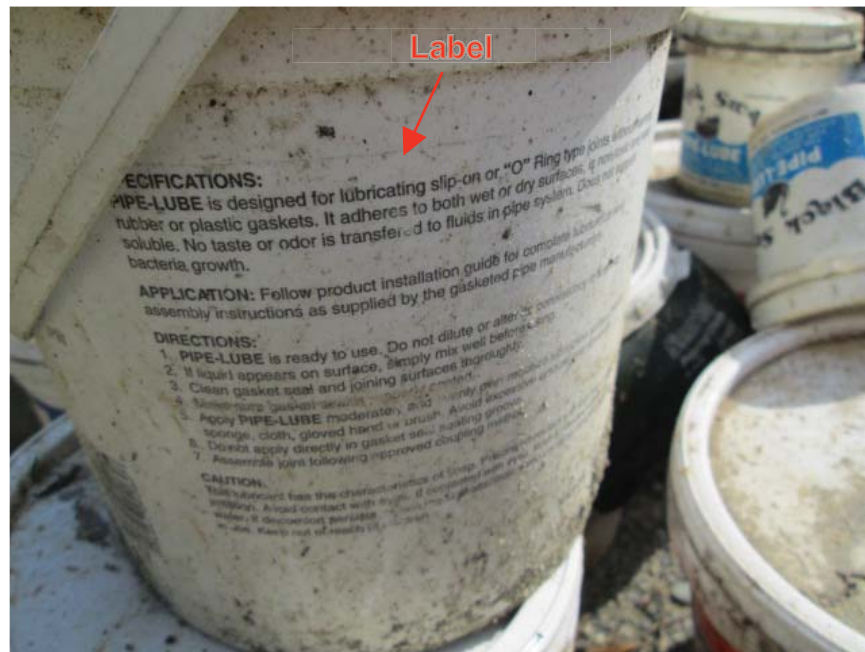

### **Photograph Log**

**Photograph 1.** County Road Project No. 5696 – View of staging area located northeast of the Wollochet Drive Northwest and East Bay Drive Northwest intersection.

**Photograph 2.** County Road Project No. 5696 – Containers of pipe lubricant stored outdoors without coverage or containment BMPs.

**Photograph 3.** County Road Project No. 5696 – Close-up view of label on pipe lubricant.

**Photograph 4.** County Road Project No. 5696 – View of standing water in the drainage ditch at the southwest corner of the staging area. Note that the drainage pipe conveys flow under Wollochet Drive Northwest.

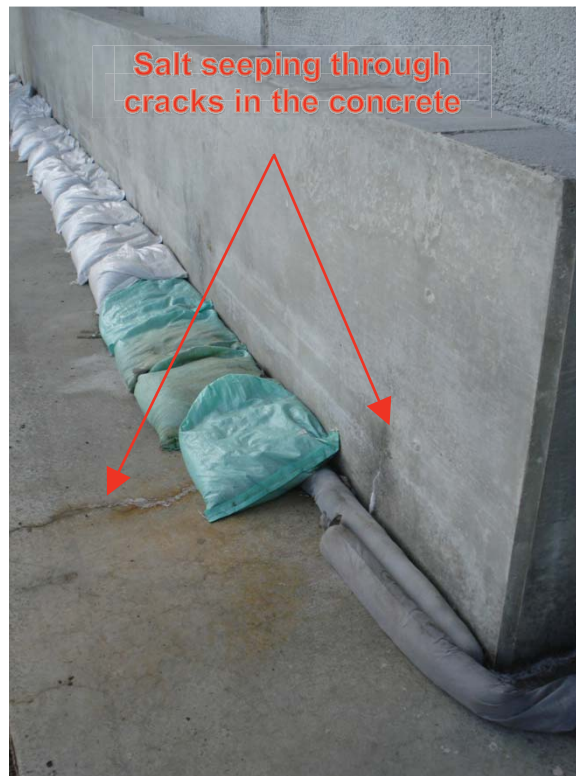

**Photograph 5.** County Road Project No. 5696 – View of portable toilet southwest of the staging area along Wollochet Drive Northwest.

**Photograph 6.** County Road Project No. 5696 – Close-up view of portable toilet that was not properly secured.

**Photograph 7.** Central Maintenance Facility – View of sand bags and absorbent socks around base of containment for salt storage. Note salt seeping through cracks.

**Photograph 8.** Central Maintenance Facility – View of sediment tracking outside the Equipment Services Division's wash area.

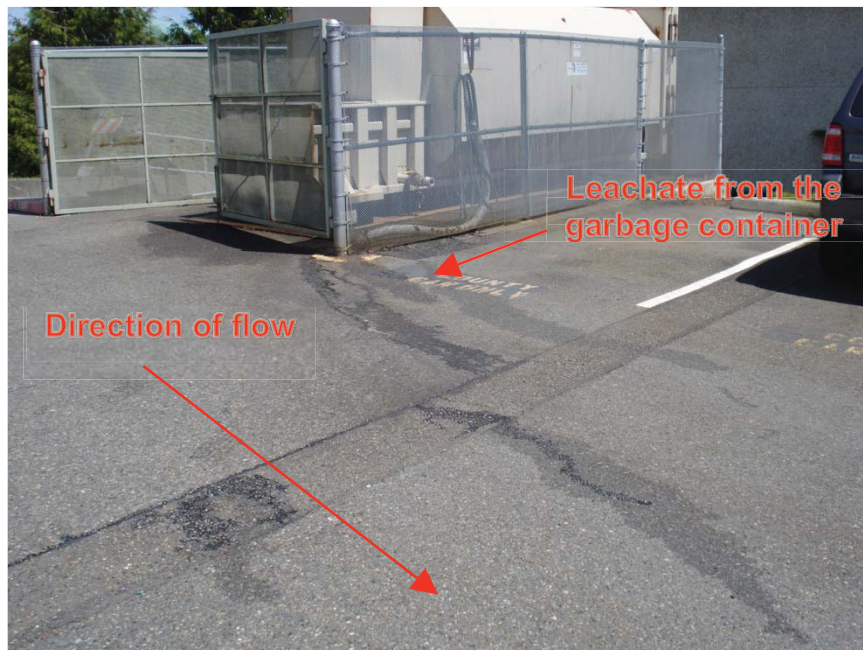

**Photograph 9.** Central Maintenance Facility – View of sediment accumulation inside the asphalt emulsion containment area.

**Photograph 10.** Central Maintenance Facility – View of containment drain valve without a lock at the secondary containment for the brine tanks.

**Photograph 11.** Central Maintenance Facility – View of containment drain valve without a lock at the secondary containment for the asphalt emulsion tanks.

**Photograph 12.** Remann Hall Juvenile Facility – View of leachate from the garbage container on the west side of the Facility.

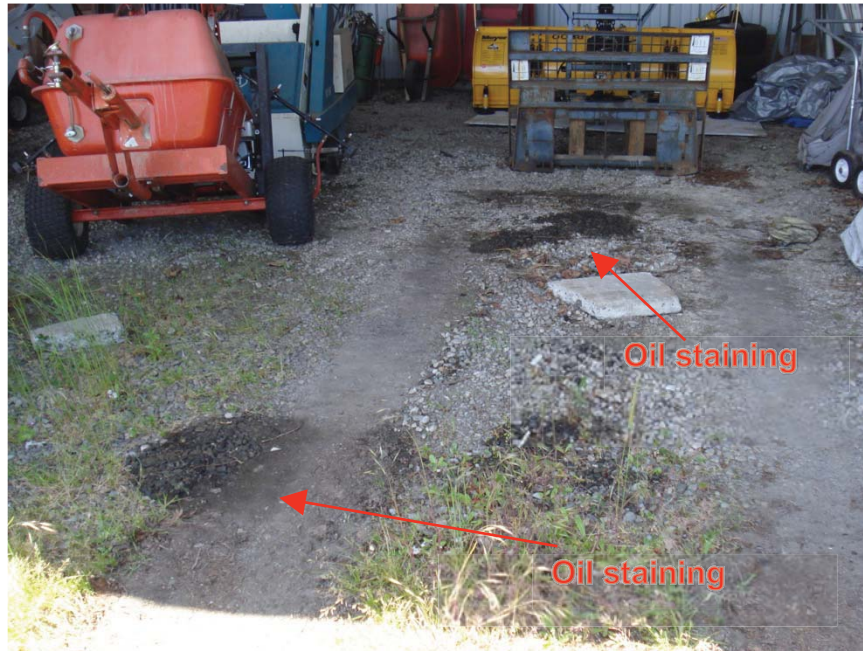

**Photograph 13.** Remann Hall Juvenile Facility – View of soil stockpile without BMPs for erosion and sediment control in the parking lot near Progress House.

**Photograph 14.** Remann Hall Juvenile Facility – Close-up view of oil staining in the vehicle and equipment maintenance and storage area.

**Photograph 15.** Remann Hall Juvenile Facility – View of oil stains in the vehicle and equipment maintenance and storage area.
